

RESTORE

SAMUEL LANE

I don't want to wait any longer
I think I've seen enough, I've lost my colour
Will you take me back? 'cause I surrender
Jesus take my hand, I'm going under

I just want to run, to you my Father
Love You God and love, one another
I don't need to know, all the answers
Jesus take my hand, I'll walk on water

Take my hand, I'll walk on waters
Take my hand, your ways are higher

Restore us to the love, that we've forgotten
Restore us to the peace, that has been broken
Restore us to the joy, of your salvation
Restore us to the truth, and we'll live in freedom

Some day we will see, in the skies over all
In his rightful place, Jesus restored
