

# THE MOMENTS

**SAMUEL LANE, BOBBY HARTRY**

I see you in the moments  
The time between the times  
I hear you in the silence  
I see you in the signs

In all my life, all my life

I see you in the future  
The memories of the past  
The dreams that were broken  
The sound of a laugh

In all my life, all my life (x2)

I will find you in the centre  
Of my joy and my despair  
In my tears and in my laughter  
Lord I know that you are there

In all my life, all my life  
In all my life, all my life  
In all my life, all my life

I see you in creation  
The colours of the sky  
The movement of the waters  
The melody and rhyme
