

THE MOMENTS

SAMUEL LANE, BOBBY HARTRY

I see you in the moments
The time between the times
I hear you in the silence
I see you in the signs

In all my life, all my life

I see you in the future
The memories of the past
The dreams that were broken
The sound of a laugh

In all my life, all my life (x2)

I will find you in the centre
Of my joy and my despair
In my tears and in my laughter
Lord I know that you are there

In all my life, all my life
In all my life, all my life
In all my life, all my life

I see you in creation
The colours of the sky
The movement of the waters
The melody and rhyme
