

# FOR YOUR CAUSE

**DAVE MILLER, JONNY BIRD**

You have called us, to walk with you  
To see your Kingdom, breaking through  
To see your hope, piercing every heart  
To see your love, lighting up the dark

You have called us, to your side  
To walk by faith and not by sight  
We come in weakness, trusting you  
Spirit fill us, for all you want to do

So we're looking to you  
We're looking to you

I don't want to be standing still, when you are moving forward  
I don't want to be holding back, you can have it all  
Everything to you surrendered  
Use me Lord, for your cause

O Spirit come, light a fire in my soul  
Let it burn for you alone  
Let it burn, let it burn  
O would you come, light a fire in my soul  
Let it burn for you alone  
Let it burn, let it burn
