

BE STRONG

JOFF ALEXANDER-FRYE

Walking through the darkness
Pushing through the fear
God we need your presence
God we need you here

You are with us, fighting for us
We can lay our worries down
Even when we stand in shadows
We are standing on holy ground
So come and help us to

Be strong, be brave, be courageous
Be strong, be brave, be courageous

Looking for your kingdom
Following your way
God we need your Spirit
God we need your grace
