

What Can Separate

Tim Brown, Casey Corum, Bobby Hartry

Verse:

You walk with me you've never left my side
You call me back I trust you with my life
Not my sin not my past not my failure
Can keep me from the power of your love

Chorus:

What can separate us separate us from
Your love

No height or depth no earthly consequence
No power of hell could ever stand against
Not today yesterday or my future
Unashamed nothing left to hide

Bridge:

You are mine and I am Yours, You are mine
and I am Yours

You are mine and I am Yours
