

## **Roll Like A River**

Joshua Miller, Mark Alan Schoolmeesters, Tina Colón Williams

**I thought by now things would be different  
I thought by now things would be further along  
It's been too long we're singing, 'Change is gonna come'  
We need a change right now**

**You've known oppression and injustice  
You've known the heartache of unanswered prayer  
You begged Your Father, 'Take this cup from me'  
This is our prayer right now  
This is our prayer right now**

**Let Your kingdom come  
Let Your will be done  
Let Your justice roll like a river  
Every king and crown  
Let them be cast down  
Till Your justice rolls like a river  
Let Your justice roll like a river**

**You said our faith could move a mountain  
You said that we could bind the powers of hell  
You said Your Spirit causes darkness to flee  
Spirit, You're moving now  
Spirit, You're moving now**

**I see a change gonna come  
I see Your jus - tice roll like a river  
I see Your king - dom come  
I see Your jus - tice roll like a river**
