There's a mighty river from the land of God
It is ever flowing from the garden's heart
To the farthest reaches, it's the source of life
And all who thirst Will be satisfied

So let it flow, so let it flow over me, over me
And let it come, and let it come take me deep, take me deep

There's a mighty river from the House of God
Flowing eastward and out beyond
Feeding streams of healing from its vibrant shores
Life will flourish where it goes

So let it flow, so let it flow over me, over me
And let it come, and let it come take me deep, take me deep

There's a mighty river from the heart of Christ
And all who drink have eternal life
As His Living Water rises up inside
Overflowing, He is glorified

So let it flow, so let it flow over me, over me
And let it come, and let it come take me deep, take me deep

So let it flow, so let it flow over me
And let it come, and let it come take me deep

There's a mighty river from the throne of God
Bringing mercy to all who come
The curse will be broken and the nations healed
At its center, He'll be revealed

So let it flow, so let it flow over me, over me
And let it come, and let it come take me deep, take me deep
There's a mighty river from the throne of God
