Original Key: B | Chosen Key: B | Tempo: 70.00

You heal and You save and You always give us  
Hope for today even in our weakness  
You are our strength, it's who You are

Nothing is too hard for You  
You take broken things and make them all brand new  
Nothing is too hard for You  
I'm laying down my fear and trusting You

You walk on the waves and You always give us  
Faith for today even in our doubting  
You reach out with grace, it's who You are

Nothing is too hard for You  
You take broken things and make them all brand new  
Nothing is too hard for You  
I'm laying down my fear and trusting You  
Nothing is too hard for You  
There is one thing that I know is always true  
Nothing is too hard for You  
I'm laying down my fear and trusting You

The anchor in the storm, the One that's holding on  
It's Jesus, Jesus  
The anchor in the storm, the One that won't let go  
It's Jesus, Jesus

Nothing is too hard for You  
You take broken things and make them all brand new  
Nothing is too hard for You  
I'm laying down my fear and trusting You  
Nothing is too hard for You  
There is one thing that I know is always true  
Nothing is too hard for You  
I'm laying down my fear and trusting You
