**Verse:**

At the foot of Your cross, I fall on my knees  
Where You laid down Your life, and suffered for me  
No amount was too great, no distance too far  
For Your infinite grace to welcome my heart

**Pre-Chorus:**

You came as a Saviour with the power to set me free  
You came as a Father for the prodigal in me

**Chorus:**

While I was still far away  
You came with amazing grace  
Regardless of past mistakes  
You came running Lord  
You came running Lord

**Bridge:**

When I'm far from home, unsure of where to turn  
You take me by the hand and never let me go  
God as I return, leaving what I've done  
With open arms You run, with open heart I come

When I'm far from home, unsure of where to turn  
You take me by the hand and never let me go  
God as I return, leaving what I've done  
With open arms You run, with open heart I come  
With open arms You run, with open heart I come  
With open arms You run, with open heart I come
