{Verse 1}

Word of God, before it all
Sun and moon, earth and stars stand in awe
Though you saw creation fall
You chose to come, the love of God in human form

{Verse 2}

Lamb of God pierced for us
Given peace by your blood on the cross
Son of Man, Servant King
Raising us from death to life, so we sing

{Chorus}

Christ in us, the hope of glory
Christ in us, the light of the world
You are greater than any other
Now reigning forevermore

{Verse 3}

Son of God, glorified
First in life, first to rise, first to reign
We will join eternal song
(And) as your bride, dwell with you forevermore

{Bridge}

And He shall reign forever and ever
