

Peace Be Still

Sarah Pemberton, Sarah Olson, Travis Thuro, Maria Lundback, Sarah Hart

Verse 1:

**I hear You whisper in the wind
Restoring hope within
Silencing fear that floods my life
Creating a peace deep inside
I hear You whisper in the wind**

Chorus:

**Peace, be still, Peace, be still
Your still small voice says “peace, be still”
I am with you**

Verse 2:

**I hear You calling in the waves
Reminding me I’m safe
No matter how high seas may rise
I know You will be by my side
I hear You calling in the waves**

Bridge:

**The wind and the waves will obey
Every word You say, Jesus**
